## The all new 5L
## Sharps Container

With DUAL PROTECT *PRO*™

**DATA SHEET**

The Sharpsafe® 5L container is ideally suited for sharps disposal in medium use areas and ideal for acute settings. Offering industry leading features such as the new Dual Protect Pro™, the container is designed to encourage horizontal fill to maximise capacity. The new container design has a 13% greater capacity than the previous model. Combined with the low carbon footprint recycled material in the base, this container supports carbon reduction goals within healthcare settings.
